

GUARDIAN PROGRAM - INFORMATION & APPLICATION

All The Doodles has a firm belief in the one-family concept. We ensure our breeding boys and girls have a loving home and live life to the fullest. Therefore, we offer a guardian program to well-deserved families at no cost. These families receive some of our most treasured doodles and poodles, and become these boys and girls “Forever Families”.

About the Guardian Program

All the Doodle’s Guardian Program is an exceptional program established to promote the breed of the Goldendoodles, Labradoodles, and toy poodles as well as provide families with the opportunity to own one of our most treasured doodles or poodles without the purchasing cost of a puppy. The guardian program allows our breeding girls and boys to find a forever home and live life to the fullest while they are engaging in their breeding career. We strongly believe in the guardian program, and we are determined to ensure that our breeding girls and boys are placed in happy homes and never retained in kennels. Therefore, we provide opportunities to well-deserved families that have a love for dogs that will allow them to play a major role in the growth and development of the poodle and doodle breeds.

The Guardian’s Responsibilities

- Must not have any unaltered dogs in home.
- Must own home
- Provide a loving and nurturing home.
- Be responsible for vaccinations and preventive medications such as heartworm, flea, and tick prevention.
- Provide the dog with adequate exercise.
- Properly train and socialize the dog.
- Properly groom and maintain dog’s coat.
- Feed the dog a high-quality food approved by All The Doodles.
- Have a fenced back yard.
- Live within 100 miles of All The Doodles.
- Communicate with All The Doodles about any concerns or problems you have.

All The Doodles Responsibilities

- All the Doodles will pay for any reproduction care and testing to include, but not limited to:
 - Genetic Testing
 - Health Testing
 - Progesterone Testing
 - Ultrasounds
 - XRays for puppy counts
 - Emergency Cesarean
 - Puppy visits
 - Puppy inoculations
 - Any other cost related to reproduction

Grooming

All The Doodle’s require guardian homes begin introducing the puppy to a groomer around 16 weeks of age or once they are fully vaccinated whichever comes first. We do not advise having a full groom at this age, but it is beneficial to begin introducing them sooner than later. Basic puppy cuts are fine during this time that includes trimming around the eyes and sanitary areas. Proper grooming and frequent brushing is essential in maintaining the doodle and poodle breeds. We will ask that you send us photos at least once a week for the first 12 months that will be used for our website and social media channeling.

Lost or Stolen Dog/Injured Due to Negligence

We are trusting guardian homes with some of our most prized furbabies. In the event of, but not limited to, a lost or stolen dog, a dog injured due to negligence, an unplanned pregnancy, etc. the guardian owner will be charged a fee of \$10,000.
